Transition Working Together Group

The 'Transition Working Together Group' meets monthly on a Friday at Crosshands Workingman's Club.

The Purpose of the group is to improve communication between the Local Authority, Young People, Parent/Carers representatives, with the aim of improving Children's Services through clear communication, sharing of information regarding possible changes to children's services throughout Carmarthenshire.

If you or your parent/carer have experienced the Transition Process & you would like to share your experience, views and make suggestions towards the improvement of services, we'd welcome you at our working group.
