October 14th & 16th	Tuesday 14th 6pm - 9pm Thursday 16th 6pm - 9pm	Child Development A comprehensive understanding of child development is crucial for all professionals engaged with children. Familiarity with typical developmental patterns enables practitioners to recognise when a child may be experiencing difficulties and may require additional assistance to make progress across various developmental areas. A solid grasp of developmental principles can enhance child safety, promote overall wellbeing, aid in assessments, and guide the selection of appropriate interventions and support tailored to individual needs. This course is designed for all practitioners, who work with children aged 0-12 and seek to deepen their knowledge of developmental expectations at different stages and how they can effectively support children in their roles. **Must attend both training dates** <u>Participants will not be admitted if they are 10 minutes late and will be refused entry.</u>	Children in Wales	<i>Online via Zoom</i>	Fully Funded £0

Autumn Term Training Programme 2025
