Staff interested in developing their Welsh language skills?

Camau courses are part of the Work Welsh programme and are designed specifically for the early years and childcare sector. They are free, self-study courses that you can complete at a time that suits you.

The courses are delivered in partnership with the National Centre for Learning Welsh and are available at Entry, Foundation, and Intermediate levels.

Learners are encouraged to complete around one unit per week, with each level containing approximately 30 hours of learning.

For a full list of the new skills you'll develop during the courses, click [here](#)

Camau Conversations

Are you taking part in Camau through Early Years Wales? Would you love a relaxed, friendly space to share ideas, swap experiences, and grow your Welsh confidence together? Welcome to Camau Conversations - a brand-new online community for Camau learners to come together, talk about real practice, and inspire one another along the way. It's not a lesson - it's a conversation: supportive, bilingual, and full of practical ideas you can use in your setting right away.

You'll explore how to make Cymraeg part of everyday routines, link Camau learning to your plans, and connect language, culture and community through Cynefin in Practice. We'll help you find your voice in Confident Conversations, use Welsh naturally in Language Through Play, and bring the language alive in Storytime & Song. You'll also discover new ways to engage families, overcome challenges, and share resources and good practice.

Next session: Tuesday 6th January | 17:30 to 18:30 | Online
(first Tuesday of every month)
