The session explores schemas and their links to the characteristics of effective learning, develops understanding of core schema concepts, and examines how children use exploratory play as a foundation for extending their schematic interests. It also considers ways to support children in representing their investigations symbolically, nurturing their curiosity around cause and effect, and enriching their language and thinking through schema-based experiences. By the end of the course, delegates will be equipped to support children's development, particularly in how they represent their actions, symbolic ideas, thoughts, and discoveries through multisensory exploration of the things that fascinate them.</p> <p><u>Participants will not be admitted if they are 10 minutes late and will be refused entry.</u></p> | | | |
